

# Project ECHO® NI supporting Care Homes during Covid-19

**Project ECHO® NI - Moving Knowledge, not people**  
*Using video conferencing technology - to leverage scarce resources,  
to build communities of practice, to support and to enable  
collaborative problem solving*

**5 Project  
ECHO Networks  
established to  
support Care Home  
Staff through the C-19  
Pandemic**

## How many staff have benefitted

19 sessions to date with up to  
170 people joining any one  
session.

On average 53  
participants per session

**1. Regional Health Protection Network for Care  
Homes & Domiciliary Care Providers (supported by  
the Public Health Agency)**

**2. Belfast Nursing Homes Staff Network (supported  
by Belfast HSC Trust)**

**3. Belfast Residential Home Staff Network  
(supported by Belfast HSC Trust)**

**4. South Eastern Nursing & Residential Home Staff  
Network (supported by South Eastern HSC Trust)**

**5. Southern Nursing & Residential Home Staff  
Network (supported by Southern HSC Trust)**

## Feedback

*"I think its  
important to facilitate more  
discussion and learning  
across the sector"*

*"Many thanks for excellent  
presentation –  
lots of resources for our  
staff"*
